President's Overview

The year 2020 has been a very challenging year for the Papua New Guinea and the IEPNG and many others countries and organizations around the world. The covid-19 pandemic had greatly affected the performance of the IEPNG. There were two separate lock-downs in Port Moresby in which the Office was not able to function to full capacity. We closed doors and operated on skeleton staff for a period,

Membership applications were slow for two reasons, the pandemic and members not completing CBA. In March 2021, there is another expected upsurge in covid-19 cases, the Office is mindful of that and will address staff and attendance as it sees appropriate.

COVID-19 has forced us to conduct Council meetings via ZOOM, there has been little face-to-face meetings this year.

The Council has again been very active in the last year and has made some bold decisions to drive this Institution into this decade.

The tenure of Mr. Benedict Mick as the CEO ended at the end of January 2021. Mr. Mick was with the IEPNG for more than 13 years.

Over the 13plus years he had contributed immensely to the IEPNG and has actually moved the Institution forward in many areas within the country and outside PNG with our sister organizations. He was part of the team that led discussions on the now introduced Competency Based Assessment (CBA) and Accreditation of engineering courses at the PNG University of Technology. Both have now progressed.

On behalf of the IEPNG, the PERB and the Membership of the Institution, I would like to sincerely thank Mr. Mick for his services to the IEPNG, and wish him well in his future endeavors.

The IEPNG Council in its wisdom appointed several Council Members including myself as President to oversee the Office whilst we search for a new CEO. We had hoped to have a new CEO by the AGM.

In July 2020, we were advised that the IEPNG had been granted Provisional Membership to the APEC Engineers Register. There is still work to be done and processes to be followed to gain full membership status.

The APEC Engineers Register has its own processes to follow to eventually become a Member. It is a process that has its own committees and I will be approaching eminent engineers to be part of that committee.

Our biggest hurdle to overcome to be granted full membership to APEC Engineers Register is to ensure that the IEPNG CBA assessment sufficiently addresses the matter of the PNGUT engineering degree not being Washington Accord accredited. In the absence of a Washington Accord accredited degree, we must somehow show that we are able to solve complex engineering problems. To do this, the IEPNG CBA must be refined. There is work to be done here.

CBA is progressing but there is still work to be done as per above with respect to the APEC Engineers Register. Membership Report presented in this Annual Report will give you some idea of how many

applications have been processed using CBA. You will note that there are still many more applications yet to be submitted and processed.

There is a certain manner in which the CBA application is supposed to be completed and submitted, but the Office still continues to receive applications that are not completed in the correct manner. When an application is received in this state, more work will be done to correct it and it won't be assessed until the applicant has met all the IEPNG requirements on how to complete the forms.

There is still a backlog of applications. Some dating back to 2018, when CBA was first introduced. Many of them were not completed properly and still need to be corrected. Many applicants have since been displaced because of COVID-19 and other matters. Staff has been trying to contact these applicants to no avail.

The CBA process is still a 'work in progress' and we are constantly working to refine the system and process.

In recent times, we have realized that many of our very senior PNG engineers don't do engineering work on full time basis but on part time basis but they still want to be doing so legally. We have developed a suitable process for them to submit their CBA, they complete only some CBA forms and we conduct an interview with them. Note that this process is applicable to a selected few and all situations are assessed on its own merit for the application to be processed in this manner.

When we first introduced CBA, the Council decided that all payments will be done when the application is success, just like any purchase. This has seriously affected our cash flow and when you have problems with applications as stated above, it's not good for the IEPNG.

The Council recently revised its decisions and decided that all payment is done upfront when the CBA application is submitted.

The IEPNG is now renovating the second building at its property on S37 L5 behind Big Roster on Poinciana Street, Hohola. This is being done so that the IEPNG can move into that Building. It costs us almost K20, 000 per month where we are currently and we see this move as cost saving. We anticipate moving into the new Building in mid-2021.

Our financial situation has not been good; the Audited Financial Report shows that we were at a loss of approximately K400, 000. This has been due to various issues that I have mentioned above. The Council is now looking at cutting costs where we can, and increasing revenue. Our main income source is the Membership and Registration fees. We need to pursue this and diligently collect fees.

In March this year the IEPNG signed an MOU with the MRA. The MOU allows the MRA and its Mines Inspectorate Division to act as implementers of the PERA in the Mining Sites around PNG to ensure that all persons employed as an engineer or in any engineering capacity is duly registered with the PERB, regardless of them being in-country or overseas based.

This is an important achievement because miners build the largest above ground and below ground structures. As a regulating body we must ensure that these engineers design the facilities with due consideration of the environment that they operate in and with due regard to safety and well-being of people and communities.

In conclusion, I thank you all for your support to the IEPNG this year and I look forward to your support in the future. I am hoping that 2021 will be a better year for us all. There is work to be done at the IEPNG and I invite you to come assist us where you can.

The IEPNG belongs to us Papua New Guineans.

May God bless us all.

Council Members

Finkewe Zurecnuoc

President

This year 2020, is second year of Ms. Zurecnuoc term as the President of the Institution of Engineers in this tenure. She has one year of the tenure remaining.

Ms. Finkewe Q Zurecnuoc, ML graduated with a BE in Electrical Engineering Power System in 1983 from the University of Technology. She also has a second BE from the Royal Melbourne Institute of Technology in 1992 under Bougainville Copper Limited Scholarship. She is self-employed and runs her engineering

consultancy firm.

Ms. Zurecnuoc, ML has over 38 years' experience of industry experience, 25 years in the extractive industry especially the Mining industry in Papua New Guinea and the rest in the consulting sphere.

Ms. Zurecnuoc has a long involvement with the IEPNG. She joins the SPE in 1984 as a graduate engineer and in 1998 was made the Fellow of the Institution, the first Female Fellow. She was the CEO/Registrar of IEPNG between 2004 and 2006. In her term as the CEO, the Professional Engineers Registration Act (PERA) was amended for the first time, giving teeth to the act and increasing the penalty of unregistered engineers to K200, 000. She has been an IEPNG Board Member on many occasions' including representing the Resources Sector, the Tabubil Branch and the Lae Branch. In 2015 she was elected as a Board Member for two years, 2015 to 2017. In 2017 she was elected as the Deputy President of the IEPNG for two years. Ms. Zurecnuoc was also the Chairlady of the Women in Engineering (WIE), a post she has held from 2012 to 2018. She is the current Past-President of WIE.

She was on the Board of PNG Power Limited from 2013 to 2018 She has also served on the Morobe Physical Planning Board.

She is a current Member of the Board of Examiners with the MRA. She is also the Alternate Board Member for Energy on the High Education, Science and Technology Council. She is also on the NISIT Sub-Committee on Roof-top Solar Technical Specification. She was recently appointed to be the representative of the Institution of Engineers PNG on National Procurement Commission (NPC) Board.

Edea Bouraga

Elected Member

Mrs. Edea Bouraga is a Mechanical Engineer and has been running her own engineering design and consultancy business under their family company, Inside Out Limited since 2014. Prior to that she worked for the Department of Works for 12 years in the Design Services Division and the Plant and Transport Division. She holds a Master of Engineering Management degree from the University of Newcastle, NSW in Australia, a Diploma in Management from the Divine Word University, Madang and a Bachelor of Engineering Degree in Mechanical Engineering from the PNG University of Technology, Lae.

Edea is a registered Mechanical Engineer with the Professional Engineers Registration Board (PERB) of PNG, a financial member of the Institution of Engineers of PNG Inc. (IEPNG) and the PNG Australia Alumni Association (PNG AAA) and an elected member of the Board of PERB and Council of IEPNG. She is the current Chair of Women in Engineering PNG (WIE) and represents WIE on the POM Branch committee.

Mrs. Bouraga is also part of the Project Team of the Reformation Ministries and Churches Network (RMCN) Church Auditorium Building Project in Port Moresby. She is committed to seeing this multi-million Kina Auditorium project realized through faith in God and the assistance of the highly esteemed RMCN National project team with a resolute conviction that "With God ALL things are possible"

She is passionate about Engineering and in particular the development of Ethical Professional Engineers in PNG. She firmly believes that PNG can, in the near future become the Worlds' Best Engineers producing country.

Brian Alois

Past President

Mr Alois joined Department of Works immediately after graduating from PNG University of Technology in 1993 with a Bachelor's Degree in Civil Engineering. He is now serving his 28th year in the industry - 13 of those years he served in the IEPNG Council but has been a Member of the Institution since 1991. He is currently the

Past President and this is his last and final term with the Institution.

He recently relocated to the East New Britain Province from Morobe and is the Regional Works Manager for the Islands Region. He comes from Rambutso Island in the Manus Province.

Andrew Hemetsberger

Elected Member

Andrew graduated from the Papua New Guinea University of Technology in Mechanical Engineering in 2010 and joined Barrick, PJV till 2012 where he left and joined ExxonMobil PNG Limited. He went through various Maintenance & Reliability roles in ExxonMobil where he is now the Integrity Execution Lead in a newly formed team that he is leading to embed into the Maintenance organization.

Andrew became the Secretary for the IEPNG Port Moresby Branch in 2017 where his desire to help the Institution grew with him leading several successful efforts within the Branch to achieve higher standards to also establishing the upgraded Institution website in 2020. He perseveres to establishing an effective management system in IEPNG through the practical use of applications. He believes there is much more the Institution can do to further develop the engineers of Papua New Guinea where driven, like-minded individuals are capable of achieving with him saying, "It is only a matter of time. We can do it."

Dr. John Miin Fung Kiu

Elected Member

Dr. Miin Fung Kiu (John) is a mechanical engineer who graduated at the University of Sheffield, United Kingdom. He was involved in industrial research on the steel manufacturing and processing in the United Kingdom. After completion of his research project in 2015, he had been awarded with a doctoral degree. Travelling around the globe, he had found a job opportunity in Papua New Guinea since 2016 and as a member of Institution of Engineer Papua New Guinea (IEPNG). Then, he was appointed to be one of the council members in June 2019 and had been continually elected as one of the council members in 2020.

John is highly involved in IEPNG (as a Council Member and as a Finance Chairman) and church communities because he believes that as a Christian engineer in this country, we can do more to serve the country and the people well. As part of the IEPNG team, he like to see a body that comes together, discuss the need of this place, make a plan that suit local needs, then implement it. He strongly believes that IEPNG is one of the most important institutions which will benefit the people through.

While volunteering in IEPNG and local church, John is also working for Vision Mechanical and Electrical Limited which involves in building services in multiple disciplines: mechanical, electrical, plumbing, vertical transport, and fire. He has involved both in technical and management. As a Prince2® certified project manager, he has been involving in wide range of projects includes, shopping malls, petrol stations, hotels, apartments, warehouse, factories and many more.

Hereby, John likes to strengthen the bond between engineers and build link between private sector with government bodies to ensure quality infrastructure were built with effective cost. Once again, thank you for your supports.

Gibson Ali Holemba

Elected Member

Gibson graduated from the Papua New Guinea University of Technology in Civil Engineering in 2012 and joined the Department of Works & Highways and in Lae, Morobe Province. He started as a Graduate Engineer and later was promoted to Provincial Civil Engineer in 2013 until he was transferred to Department of Works &

Highways Provincial Office in Kavieng, New Ireland Province in 2015 as the Provincial Works Manager. In 2016, he was offered a Japanese Scholarship to do his Master of Engineering in Structural Engineering at Hokkaido University, Sapporo, Japan. After graduating in 2019, he was appointed as the First Assistant Secretary for the Design Services Division at Department of Works & Highways until his recent appointment as the Deputy Secretary/Executive Director in charge of Network Planning, Design, and Standards in the organization.

Gibson was nominated as one of the Internal Assessors in New Guinea Islands region in 2016 when the Competency Based Assessment (CBA) system was introduced in IEPNG. He is currently the Chairman of the Structural Registration Committee and he strives to improving the structural engineering registration process and system and contribute to effective CBA system for the engineers in Papua New Guinea. He believes that Engineering is a noble profession and the Institution must provide an environment and pathway were engineers can become better in their profession.

Franz Hemetsberger

Appointed Member

Home Province: Enga Province

IEPNG Member ID: 5299, IEAust Member: 2368360 CPENG/RPEQ

Franz has served as an Appointed Member of the IEPNG Board for 3 terms now. He sees the impact the IEPNG can make in a country like Papua New Guinea.

Franz is the Manager of the Fixed Plant Maintenance Department in Newcrest Lihir Gold Operation. Franz has been an advocate for the development of Papua New Guinean graduates and vacation students within Newcrest and his innovative approaches to how companies can develop young engineers is unique and something that is completely in the control of one's influence. He feels that much more can be done and it needs the support of the engineering fraternity in PNG to help set the pace and standard for engineering in the country.

Rachael Ivai

Appointed Member

Organizational Structure

The Institution of Engineers Papua New Guinea (IEPNG) Inc. is a learned society registered under the Investment Promotion Authority (IPA) in 1997 and was established by the Professional Engineers under the Department of Works in March 1973.

IEPNG is a professional network within the engineering professions and dedicated to the development of engineering professionals in engineering fraternity across the country. The Institution is committed to enhancing the quality of life of people of Papua New Guinea by responsible and creative application of engineering knowledge and skills

The Institution upholds its core values, vision, mission statements and provides leadership and engineering advice to the Government, NGOs, stakeholders and the public on the key issues meeting the professional needs of the Members.

The Institution has a membership of about three thousand (3000) and one thousand are Active members. From the one thousand active members, 70% are expatriates Engineering Professionals, and 30% are nationals. It has a Council of nine (9) Members, seven (7) Members are elected by the Membership and two (2) are appointed by the Council.

The Organizational Structure and the functions of each position are written under figure one.

Figure 1: The hierarchy of the Institution of Engineers Papua New Guinea Incorporated

Council Members

The Council Members govern the affairs of the Institution and has the power to appoint the CEO and the staff members. The Council has four (4) Executive Members and seven Committees and this is shown in the table below.

Table1: Council Executive Members

No.	Executives/Designation	Names
1	President	Ms. Finkewe Q. Zurecnuoc ML
2	Deputy President	Mr Joseph Hamylton OBE
3	Past President	Mr Brian Alois
4	Finance/Treasurer	Dr. John Kiu Miin
5	Secretary/CEO	Mr Benedict Mick

Table 2: Committees

No.	Committees	Designated Chairman
1	Disciplinary	Ms. Finkewe Q. Zurecnuoc ML
2	Finance & Audit Assessment	Dr. John Kiu Miin
3	Membership and Registration	Mrs Edea Bouraga
4	CPD Trainings and GPDP	Mr Andrew Hemetsberger
5	Projects	Mr Lazaro Hemetsberger
6	Structural Registration	Mr Gibson Holemba
7	APEC/FEIAP Monitoring	President

Duties of IEPNG Council as per the Constitution Section 11.3; inspirational

The Council shall at all times, in governing the affairs of the Institution, give priority to facilitating the advancement of the Mission of the Institution as stated in Section 3 and as prescribed in the Institutions Human Resource Manual as amended from time to time.

At the end of each financial year the Council shall prepare an Annual Statement of Accounts which after being certified by the Auditor shall be presented at the Annual General Meeting.

The Council shall prepare an Annual Report that shall be presented at the Annual General Meeting.

Chief Executive Officer

The Chief Executive Officer is the head in making decisions and managing the overall operations and resources of IEPNG and oversees all projects, finance management, membership services, office support and reports to the Council. He/she is also the Registrar to the Professional Engineers Registration Board (PERB).

The management hierarchy under the Chief executive Officer comprises of the following

- Provide leadership and supervise reporting staff
- Inter-organizational relationships
- Responsible for news articles and oversee general publications

sectional heads – Finance and Administration Coordinator, Member Services Coordinator and Personal Assistant/Secretary.

Office responsibilities/duties

- Undertake the responsibility as Secretary of the Various Boards
- Accountable to the various Boards
- Public Relations and Government liaison
- International Representations and liaison
- Undertake the duties as Registrar of PERB and CEO of IEPNG

Manager – Registration and Accreditation

Finance and Administration Coordinator

Finance and Administration Coordinator oversees the functions of Finance and Administration work. He/she is responsible for the day-to-day financial management of IEPNG through maintaining, monitoring the financing and billing systems (accounts payable), and directly reports to the CEO.

The structure of Finance and Administration comprises of Accounts Receivable officer, IT/Administrative Officer, Administration Receptionist/Secretary and Driver/Cleaner and they report to the Finance and Administration Coordinator. The figure below shows the structure of the finance and admin section.

Figure 2: Finance and Administrative structure

The daily responsibility and job description of the finance and administration team is clearly stated below.

Finance and Administrative Coordinator

- Oversees the functions of Finance and the Administration of IEPNG
- Arrange payments to IENG creditors
- Prepare and runs payroll for the staff on a fortnightly basis

- Does the IEPNG monthly bank reconciliations
- Assist the CEO with yearly preparation of budgets
- Prepares financial reports for reporting the council and the AGM
- Keep a register of the IEPNG assets
- Accounts Receivable officer
- Issues invoices for members processing fees, membership & registration
- Does follow ups for outstanding invoices
- Emails statement of accounts and outstanding invoices pertaining to the SOA to members and their employers for payment

IT/Administrative Officer

- Ensures the IEPNG network & email systems are functioning to expectations
- Maintain and update the IEPNG website as when required
- Ensure the staff computers are functioning well to the latest standards/versions on the market
- Assist with the other office errands i.e. organizing of office workshops, meetings and functions

Receptionist/Secretary Administration

- Answer and screen all telephone calls
- Attend to client queries at the front desk and register incoming and outgoing letters
- Organize all IEPNG meeting and take minutes during staff meeting
- Maintain office files uphold security of all documents
- Receipting
- Record CBA application manually and electronically, assess application form and entered into the MIS
- Organize travel arrangements for council members and staff i.e. hotel & airline tickets
- Photocopying, binding etc. when required
- Other duties as directed by the CEO and senior staff

Driver/Cleaner

- Does office runs
- Staff drop-offs and Pick-ups when required
- Cleaning of the office
- Ensures staff amenities and toiletries are in stock

Member Services Coordinator

- Member Services Coordinator is basically responsible for the supervision and processing of Competency Based Assessment (CBA) Applications, Membership under the Institution of

Engineers PNG Incorporated and Registration under the Professional Registration Board. He/She is also responsible for the supervision and management of the Graduate Professional Development Program (GPDP) and Continuous Professional Development Programs (CPDP) facilitated by the Institution.

- The core functions are; processing of membership and registration applications under the Competency Based Assessment (CBA) system and Registration of Professional Engineers in compliance with Professional Engineers Registration Act (Amended) 2007. He/She deals directly with engineers, Employers of engineers, Government organizations, recruiting agencies, Non-Government Organizations, other interested organizations, the public and reports to the CEO.

Figure 3: The structure below clearly depicts the hierarchies of Member Services Team

Office Responsibilities and job descriptions

Member Services Officer

Member Services Officer reports to the MSC and is responsible for the following;

- Processing of New & Renewal Applications
- Assist Member Services with processing of other applications
- Attend to clients' queries, receipting, recording of incoming applications and prepare clients work permit letters
- Follow ups on outstanding applications pending additional documentation
- Registering of Membership Committee recommendations and Board Approvals
- Issuance of Acceptance Letters with annual invoices from accounts
- Filing of membership applications after assessment and acceptance
- Attend to other duties or responsibilities assigned by the Member Services Coordinator, the Chief Executive Officer or other staff.

Graduate Casual

The Graduate Casuals positions were created due to the backlog of processing and registering of new and renewal applications under the CBA system. The responsibilities are as follows;

- Processing of New & Renewal Applications
- Attend to clients' queries, receipting, recording of incoming applications and prepare clients work permit letters
- Continuous follow ups on outstanding applications pending additional documentation
- Registering of Membership Committee recommendations and Board Approvals
- Issuance of Acceptance Letters with annual invoices from accounts
- Issuance of certificate IDs and A4 certificates
- Filing of membership applications after assessment and acceptance
- Attend to other duties or responsibilities assigned by the Member Services Coordinator, and the Chief Executive Officer

GPDP & Training Officer

Responsible for administration and management of all Graduate Professional Development Program (GPDP) and continued professional development programs initiatives of IEPNG.

Responsibilities/Duties

- Oversee and administer all Graduate Development Program
- Marketing/Advertise and arranging of Short Courses to all stakeholders
- Organize workshops, seminars and conferences for the engineers as part of their CPD (Continuous Professional Development)
- Other duties or responsibilities as directed by the Chief Executive Officer

Branch Liaison Officer

The Branch Liaison Officer provides support to all IEPNG Branches and Committees that are formed as part of the IEPNG, and work with the Executives of the Branches & Committees and most importantly provide support to the operations of IEPNG as and when required.

The Liaison Officer constantly liaises with the Branches Executives to ensure their objectives and plans are executed and achieved the desired results.

The Institution of Engineers PNG Inc. currently has eight Branches (including Student) around the country and Liaison Officer directly involve and provide assistance and coordinate the branch activities. The Liaison Officer keeps and maintains the Branches account and reports to the office of CEO.

The Branches are:

- Port Moresby Branch
- Sepik Branch
- Lae Branch
- Rabaul Branch
- Kavieng Branch
- Lihir Group
- Highlands Branch
- Student Chapters
 - PNG Unitech
 - National Lae Polytechnic Institute

Vision, Mission & Mandate

Our Vision

The Institution of Engineers PNG is dedicated to enhancing the quality of life of the people of Papua New Guinea by the responsible and creative application of engineering.

Our Mission

Our Mission to the Community

- Advance the practice of engineering in the interest of the safety, well-being and quality of life of members of the community
- Promote an engineering management and practice style that will ensure a sustainable development of the environment
- Assure the community of the quality of the engineering profession by a continuous process of accreditation of qualifications and monitoring of the competency standards of the profession

Our Mission to our Members

- Determine and encourage high-level technical and ethical standards
- Sustain standards with ethics and discipline
- Encourage innovative solutions
- Facilitate the acquisition and sharing of knowledge
- Represent their interest

Our Mandate

To hold a clear mandate to represent the Papua New Guinea engineering community by:

Upholding and promoting the profession of engineering

Providing leadership and engineering advice to Governments, NGOs, Organizations and the public on key issues meeting the professional needs of Members.

Our Identity

IEPNG is a network within the engineering professions dedicated to the improvement of engineering practice for the benefit of its Members and the nation.

Our collective activities will be represented as those of the Professional Engineers Registration Board (PERB) of Papua New Guinea.

Our Membership

We have several Member groups, in recognition of the diversity of engineering practice:

Those who hold a tertiary qualification in engineering, use a systematic process of analysis, design/synthesis and implementation, strive to operate responsibly in accordance with a code of ethics set by their peers, and engage in continuing professional development. These members are classed as either Fellow Members (FIEPNG) or Registered Members (MIEPNG), depending on the professional level at which they use their skills and competence.

Those with other College or even some tertiary qualifications, and practical experience that equips them to practice engineering as a systematic process – classed as Technician Members (TechIEPNG)

Those with suitable academic qualifications who aspire to attain the above classes by developing engineering practice competence during monitored employment – classed as Graduate Members (GIEPNG)

Those who express an interest in interacting with engineers although they do not have formal training in engineering themselves – classed as Companions

Those studying for engineering qualifications – classed as Student Members (StudIEPNG)

Those whose significant contributions have been recognized Fellow (FIEPNG) or Honorary Fellow (HonFIEPNG)

Those who are not engineers but who contribute to IEPNG in other professional capacities – classed as Companion (ComplIEPNG)

Strategic Plan

Objective 1

Advance the practice of engineering in the interests of the safety, well-being, and the quality of life of members of the community.

Objective 2

Promote engineering management and practice style that will ensure sustainable development of the environment

Objective 3

Assure the community of the quality of the engineering profession by a continuous process of accreditation of qualifications and monitoring the competency standards of the profession.

Objective 4

Encourage innovative solutions to engineering issues and challenges using the latest technology and knowledge

Objective 5

Acquiring, sharing, providing and promoting engineering knowledge to improve the profession and to continuously sustain engineering competency throughout their career.

Objective 6

Represent the interests of the Members by establishing and maintaining partnerships and relationships with all stakeholders

Objective 7

To Increase the Number of Young Papua New Guineans to Develop a Career in Engineering and Technology

Objective 8

Build and own "Engineering Technology Haus".

Objective 9

To create an environment where each member or potential member and each staff member feels that their contribution will be valued on merit and their needs understood regardless of their professional or personal background

Audited Financial Report

Report of the Board Members

The Board Members are pleased to present their report on the financial statements of the Institute for the year ended 31 December 2020.

Nature of Entity and Activities

The Institution of Engineers Papua New Guinea Inc. is a non-profit and non-government organisation and is incorporated and registered under the Associations Incorporation Act of Papua New Guinea.

The primary purpose of the Institution is to promote the interests of the engineering profession and its members in Papua New Guinea.

Institution Information

Registered Office: Portion 637
PO Box 881,
Waigani, NCD

The Board Members for the 2020 year were:

- Ms. Finkewe Zurecnuoc, ML (President)
- Mr. Joseph Hamylton (Deputy President)
- Mr. Brian Alois (Past President)
- Mr. John Kiu Miin Fung
- Mrs. Edea Bouraga
- Mr Andrew Hemetsberger
- Mr. Steven Hulamari
- Mr Franz Hemetsberger
- Ms. Rachael Ivai
- Mr Benedict Mick (Secretary/Chief Executive Officer)
- Mrs Toksy Tanabi (Support Staff/Minute Secretary)

The Auditor for the 2020 year was:

Niugini Business Consultants
Registered Public Accountants & Auditors
PO Box 391
PORT MORESBY, National Capital District

Banker

Papua New Guinea
Bank South Pacific Limited
PO Box 211
WAIGANI, National Capital District

-1-

Board Members' Statement For the Year Ended 31 December 2020

The Board members state that the accompanying statement of net assets and statement of income and expenditure and cash flows are drawn up so as to exhibit a true and fair view of the state of affairs of the Institute at 31 December 2020 and the results of the operations of the Institution for the year ended on that date.

No circumstances have arisen which render adherence to the existing method of valuation of assets or liabilities of the Institution misleading or inappropriate.

For and on behalf of the Board.

AUDITOR'S REPORT TO THE MEMBERS OF INSTITUTION OF ENGINEERS PAPUA NEW GUINEA INC

Scope

We have audited the financial report of Institution of Engineers Papua New Guinea Inc. for the year ended 31 December 2020 as set out on pages 4 to 12. The Institute's Board Members are responsible for the preparation and presentation of the financial statements and the information contained therein. We have conducted an independent audit of the financial report in order to express an opinion on it to the members of the Institution.

Our audit has been conducted in accordance with International Standards on Auditing to provide reasonable assurance as to whether the financial report is free of material misstatement. Our procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial report, and evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion as to whether, in all material respects, the financial report is presented fairly in accordance with International Reporting Standards and the provisions of the Accountants Act (1996) as to present a view which is consistent with our understanding of the Chapter's financial position, the results of its operations and its cash flows.

The audit opinion expressed in this report has been formed on the above basis.

Unqualified Audit Opinion

In our opinion, the financial report presents fairly the financial position of the Institution of Engineers Papua New Guinea Inc. as at 31 December 2020, the results of its operations and cash flows for the year ended in accordance with applicable Accounting Standards, and with the provisions of the Accountants Act (1996).

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2020

1. STATEMENT OF ACCOUNTING POLICIES

A. Revenue

Revenue is accounted for on the accrual basis of accounting, except for membership fees which are recognized on a cash basis.

B. Properties, Plant and Equipment

Property, plant and equipment are stated at cost less accumulated depreciation, except for leasehold land which is valued at cost.

Depreciation is calculated from the date an asset becomes operational on a straight line basis to write off the cost of the assets over their estimated economic lives.

The estimated useful economic lives are as follows:

Buildings	3.0 - 4.50%
Office Equipment	11.5%
Computer Equipment	22.5%
Furniture and Fittings	11.5%
Motor Vehicles	20.0%

C. Impairment of Assets

Where the recoverable amount of an asset falls below its carrying amount, the asset is written down to its recoverable amount. There has been no impairment in the 2018 financial year.

D. Income Tax

The Income of the Institution is exempt from income tax by virtue of *Section 27(C)* of the *Papua New Guinea Income Tax Act 1959*, as amended.

E. Comparative Figures

Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current year.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2020

2. OPERATING PROFIT

	2020	2019
	K	K
The operating profit has been determined after charging/ (crediting) the following items:-		
Crediting as Income -		
Membership Fees	517,288	712,708
Rental Income	377,125	929,641
Other Income	<u>106,309</u>	<u>185,917</u>
	<u>1,000,722</u>	<u>1,828,266</u>
Charging as Operating Expenses -		
Audit Fees	8,800	8,800
Depreciation	66,618	65,570
Branch / Chapter Allocation	<u>973</u>	<u>6,600</u>
Total Operating Costs	<u>76,391</u>	<u>80,970</u>

3. RECEIVABLES

	2020	2019
	K	K
Trade debtors	233,810	155,132
Less: Provision for doubtful debts	<u>-</u>	<u>-</u>
	233,810	155,132
Other Debtors		
Rental Bond	13,613	13,613

Creditors Advanced	-	109,705

Member Services

1.0 What is Member Services

Member Services is one of the major sections of the Institution Of Engineers Papua New Guinea Incorporated (IEPNG Inc.) that directly deals with engineers, Employers of engineers, Government organizations, recruiting agencies, Non-Government Organizations and other interested organizations and the public.

The core function of the member services is the processing of Membership and Registration applications under the Competency Based Assessment (CBA) system and Registration of Professional Engineers in compliance with Professional Engineers Registration Act (Amended) 2007, coordinate Trainings for Graduate Professional Development Program (GPDP) & Continuous Professional Development (CPD) courses and disseminate updated information through Branch Liaison. Member Services work in collaboration with the Accounts Team for all the application processing fees, Membership and Registration fees, GPDP and CPD fees and responsible for issuance of Work Permit Support Letters to the Department of Labour and Industrial Relations – Foreign Employment Division for expatriate Engineering Professionals working in any engineering related work to PNG

Member Services is also in charge of establishing dialogue and partnership with the industries, potential stakeholders, and sister institutions and to provide updated information to these stakeholders and partners regarding changes and amendments of its core functions.

It has been a very challenging time for Member Services in 2020 due to COVID-19 pandemic and that has tremendously hindered its membership and registration process. The membership and registration of Engineers was not up to par due to their employment status were either asked to take leave or being terminated as their companies could not contain the pandemic situation. Also the closing down of Porgera Gold Mine has caused the Porgera Joint Venture (PJV) Engineers (both expatriates and nationals) to put on-hold their CBA applications. The Member Services was not able to conduct CBA workshops for its engineering organizations and interested stakeholders around the country.

The structure below depicts the hierarchy of Member Services Section.

Figure 1: Hierarchy of Member Services Section

2.0 Membership and Registration

For an Engineer to become a Financial Member with the Institution of Engineers PNG Inc. is a lifetime brand and the renewal of membership is every three (3) years interval. IEPNG has the membership categories for the engineers who are currently in PNG to join based on their level of qualification and competencies. Once the required competencies have been demonstrated, no further re-assessments are required to retain the membership category class unless the person is transferring to another membership category such as from Graduate Member to Member.

To be on the 'Professional Engineers Register' of the Professional Engineers Registration Board of Papua New Guinea (PERB) an Engineer must be a Member, Fellow or Honorary Fellow under the categories of IEPNG membership. In future, when the Registration Act is amended, two additional Registers of Engineering Technologist and Engineering Technician will be created. The membership categories accepted for these registers will be Technician Members with one (1) to three (3) years of qualification. They will also be required to undertake the Competency Based Assessment every three (3) years. The duration of registration under the CBA system is three (3) years and the membership is renewable.

The current categories of Membership that are not registered under the Professional Engineers Registration Board are: Student, Graduate Member, Technician and Companion.

2.1 Competency Based Assessment (CBA) System

By definition, CBA is a measurement based on Criterion Referenced Assessment (CRA) to establish competency in the practice area of an engineer. CRA basically means the person/engineer is assessed against an industry standard, or a set of criteria to establish competency. The registration and membership process and the assessment criteria IEPNG uses to assess Engineering Professionals who apply for corporate membership (Member, Fellow and Honorary Fellow category) to IEPNG and registration with the Professional Engineers Registration Board (PERB) are twelve (12) Professional Engineering Standards/Elements which are similar to APEC Register, Engineers Australia and Engineers New Zealand.

The membership categories applied for under CBA are:

- Student Member – Currently Studying
- Technician Member – Applicants with suitable technician's qualification at Diploma or Certificate level or Degree related to engineering but which is not recognized for grade of Graduate Member
- Companion Member – Applicants with a tertiary qualification in a profession related to engineering and has attained a position of responsibility in a calling other than engineering
- Graduate Member – Applicants graduated within the last four years with engineering qualification
- Member – Applicants with four years degree or qualification in engineering recognized under the Washington Accord and have ten (10) years or more work experience in his/her practice area except for Graduate Members under the GPDP applying for transfer of Membership
- Fellows – Applicants with degree in engineering and had been a member of the Institution for at least three (3) years, high standing in the profession and engaged in an important position of responsibility in the profession of engineering, which may include management associated with engineering and he shall have given meritorious service to the profession, or have contributed significantly to the Mission of the Institution

- Honorary Fellow – An Honorary Fellow shall be a person who is distinguished by work in engineering, science or otherwise whom the Institution desires to honor
- Structural Engineer – As required under section three (3) of the Structural Registration Requirement

IEPNG through its CBA application process plays a very vital role in recognizing the competency of engineers within PNG and also recognized by the APEC Register.

The CBA application forms that engineers filled when applying for Membership and Registration with IEPNG are; CA01, CA03, CA04, CA05 and CA06. Other mandatory documents includes certified Qualification & Transcripts, updated Curriculum Vitae, Continuous Professional Development (CPD) certificates (if any) and Work Samples are part of application document.

Application forms can be downloaded from the IEPNG website: www.iepng.org or email: memberservices@iepng.org or filled online using the Member's Portal.

The process of CBA involves applicants and their employers/clients, referees, Staff Assessors, Technical Assessors and the Council. The initial assessment (pre-assessment) of the application forms are done by the staff assessors and submitted to the technical assessors for technical assessment. Staff Assessors (SA) comprise of Member Services Officers and Technical Assessors (TA) are selected Senior Engineers who are appointed by the Council. Upon the recommendation of Technical Assessors, the application documents are sent to the Council for approval and acceptance. Finally, the applicant is accepted as a Financial Member to IEPNG and Registered under PERB

The flow charts illustrate the CBA application process for Professional Engineers and Non-Engineers are shown at the end of this report. *The flow charts are shown on the Appendix A-B.*

2.1.1 Work permit Support Letter

It is mandatory by law under Professional Engineers Registration Act (Amended) 2007 that an expatriate Engineering Professional coming into the country to work or doing any engineering related work to PNG and abroad must register with IEPNG and PERB. Thus, a Work Permit Support Letter is issued to the applicant/client after his/her CBA application is pre-assessed and approved by the Staff Assessors.

2.1.2 Membership Acceptance

Membership Acceptance Letters & issuance of IDs/Certificates are issued to applicants who have been accepted by the Council of IEPNG upon completion of CBA application process under one of the eight (8) Membership categories (Student, Graduate Member, Technician, Companion, Member, Fellow, Honorary Fellow and Structural Registration).

2.2 CBA Application

After implementation of the CBA system in 2018, the Office received 1587 applications from 2018 to 5th March 2021 for both new and renewal of Membership & Registration. Most of the applications received were incorrectly filled or incomplete when submitted for assessment. This was mainly because the CBA system was newly introduced and implemented, thus the assessment system of assessing the applications using the twelve (12) standards/elements was not clearly understood. However, continuous awareness has been carried out to the industries and individual members upon request by conducting workshops on site or face to face interviews in the office. In this way, the applicants and the industries were able to understand the CBA

system and slowly progressing to correctly filling the application forms. Going forward, we are hoping that the CBA application process will be efficiently and effectively carried out.

2.2.1 CBA Data

Table 1: Application processed from 2018 – 5th March 2021

Status	Applications	Status Description
2	612	Applications pending additional requirement
3	218	Applications ready for Technical Assessment
4	326	Applications Under Assessment
7	29	Applications ready for Council Approval
8	100	Applications approved, pending payment
10	300	Applications finalized for Membership
11	2	Applications cancelled
Total	1587	New and Renewal

Figure 2: Pie chart illustrating the overall view of applications processed from 2018 – 5th March 2021

2.3 Membership Data

The current Financial Members of the Institution is made up of 65% expatriates and 35% nationals. Therefore, we would encourage PNG Engineers to comply with the laws of this country and be part of the nation building in the Engineering Fraternity.

The name lists of Financial Members, Registered Engineers and Structural Engineers are attached in the appendices C- E

Table 2: Current membership up to 5th March 2021

Current membership (app-C)		
Membership Level	Counts	Expats

3.0 Training & GPDP

3.1 Graduate Professional Development Program (GPDP)

GPDP is a training and development program that Graduate Engineers are required to undertake for four (4) years for eligibility to Member category after joining the Institution as a Graduate Member.

It is mandatory for a Graduate Engineer to understand the scope of the Professional Development Program prior to becoming eligible to upgrade to member category.

The scope includes:

- Hands-on engineering experiences, skills and appropriate knowledge in their respective engineering disciplines. These engineering experiences are:
 1. Engaged in Design Work - basic design concepts and; research and investigation
 2. Engaged in Construction, Operation & Maintenance - inspection, testing, or Commissioning and; Operation, Maintenance, or Repairs.
 3. Engaged in Administration & Management – Contract preparation including conditions, specifications or drawings, tendering, appraisal of tender, cost estimation & cost control, project management, preparation of reports and/ or manuals, contract administration and resource planning
- Keep abreast with the cutting-edge technology through attending specialist courses such as:
 1. In-house training courses of suitable standard
 2. Relevant formally assessed courses offered by professional institutions
 3. Formal course leading to post graduate Certificate, postgraduate Diploma or Master's Degree
- Actively participate in the institution activities in their respective branches such as:
 1. Attending technical meetings, seminars or conferences
 2. Understand activities to promote professional engineering in other settings
 3. Attending informal short courses and site visits
 4. Participate in institution activities
 5. Participate in community activities
 6. Participate in professional development related activities
 7. Other related activities

IEPNG also recognises two (2) or three (3) years in-house Graduate Development Programs (GDP) offered to the graduates by the industries like Newcrest Mining Limited, Oil Search Limited, Ok Tedi Mining Limited and etc. In this scenario, IEPNG accepts work experiences for that period and assess their competencies accordingly.

3.1.1 GPDP Data

According to the GPDP Register, GPDP membership has a total of seventy-nine (79) graduate members. From the seventy-nine (79) graduates, only eight (8) graduates have been registered and issued with Logbooks. The listings of the seventy-nine (79) GPDP members are attached as appendix F. The seventy-one (71) graduates will be contacted for issuance of the Logbooks.

3.2 Continuous Professional Development (CPD)

CPD is the program of developing professional skills and knowledge through interactive, participation – based or independent learning. It enables engineering professionals to proactively develop their professional capabilities through certified learning or self-guided learning methods. It is seen as some form of training, activity etc. that an individual professional undertakes to help enhance or expand his/her knowledge, keep up-to-date with the technical changes taking place and also to keep progressing the individual career.

CPD is mandatory that every Engineering Professional must undertake and maintain in order to be registered by the Professional Engineers Registration Board (PERB) to practise as Registered Professional Engineer and/or become a Member of the IEPNG. CPD activities are required because they enable Engineering Professionals to update or improve their knowledge and skills in their own practice area in order to:

- Continue to be competent in what they are doing
- Be effective and efficient and being up-to-date with the changes taking place
- Be able to contribute to improving the organization they work for by using latest available technology and tools to meet desired outcomes.

The minimum CPD hours required by engineering professional is 50 hours per year related to CBA competency standards/elements. However, it does not apply to the following Membership categories: Student, Companion, Technician and Honorary Fellow – who are not actively involved in engineering. Implementation of the 50 hours per year for CPD hours does not apply to current members applying for renewal of membership until such time when the Council approves.

3.2.1 IEPNG CPD Courses offered

There was only one CPD short course on Electrical Engineers for Non Electrical Engineers facilitated three (3) times in February, August and September 2020. A total of sixteen (16) participants attended this course and were issued with the Certificate of Attendance that should be added to their CPD Competency hours.

4.0 Branches

The Branches Liaison Officer provides support to all IEPNG Branches that are formed as part of the IEPNG, and works with the Executives and Committees of the Branches and most importantly provide support to the operations of IEPNG as and when required. The office liaises with the Branches Executives to ensure their objectives and plans are executed and achieved the desired results.

The Institution of Engineers PNG Inc. currently has eight Branches including Student chapters around the country and the Branches Liaison Officer directly involves and provides assistance and coordinates the Branch activities. The Branches Liaison Officer keeps and maintains the Branches accounts and reports to the office of the CEO.

The current IEPNG Branches are

1. Port Moresby Branch
2. Sepik Branch
3. Lae Branch
4. Rabaul Branch
5. Kavieng Branch
6. Highlands Branch
7. Lihir Group
8. Women In Engineering (WIE) Group
9. Student Chapters
 - PNG Unitech
 - The National Polytechnic Institute of Papua New Guinea (Polytech)

4.1 POM Branch

The Port Moresby Branch was established in 2002 and is the most active branch. It covers the Central and National Capital District Provinces

Branch Committee:

Mr Lazaro Hemetsberger	Chairman
Mr. Sebastian Hemetsberger	Deputy Chairman
Mr. Rex	Treasurer
Ms. Glenda Kolam	Secretary
Ms. Rachael Mounah Ivai	Committee Member
Ms. Immaculate Wanjik	Committee Member
Mr. Eddie Salazar	Committee Member

4.2 Lae Branch

2019 - 2021 Executives & Committee Members

The Executives and Committee Members of the Branch are as follows;

Branch Committee:

Mr. Palanga Wickham	Chairman
Ms. Elsie Loth	Deputy Chairman
Mr. Dan Joseph Tapado	Treasurer
Ms. Grace Wantepe	Secretary

Mr. Brian N'Drelan	Senior Advisor
Mr. Murray Konzang	Civil Engineering Representative
Mr. Mark Thomas	Mechanical Engineering Representative
Mr. Herman Kunsei	Electrical Engineering Representative
Dr. Gabriel Arpa	Mining Engineering Representative
Mr. Rengi Wai	Student Representative

4.3 Highlands Branch

The Highlands Branch was established in 2018. It covers all the Highlands region namely Enga, Western Highlands, Eastern Highlands, Simbu, Southern Highlands, Jiwaka and Hela provinces.

4.4 Tabubil Branch

The Tabubil Branch was established in October 2018. It covers all members working in and around Western Province.

4.5 Sepik Branch

The Sepik Branch was established in September 2017. It covers all members working in East and West Sepik Provinces.

4.6 Rabaul Branch

The Rabaul Branch was established back in 2002. It covers the East New Britain and West New Britain Provinces.

4.7 Kavieng Branch

The Kavieng Branch was established in August 2018. It covers the New Ireland Province (except Lihir as it has a Group).

4.8 WIE Group

Please refer to report as uploaded on website: www.iepng.org

4.9 Student Chapter

Both Unitech Student Chapter and the National Polytechnic Chapter are currently inactive. No activities carried out in the year 2020.

If you are an Engineer working in the various industries around the country and not actively participating in the Branches activities in your respective area, please do contact the Branch Liaison Officer to assist you to be part of the Branch.

5.0 Staffing

The Member Services Team comprises of seven (7) Member Services Officers, one (1) GPDP/ Training Officer and one (1) Branches Liaison Officer. This gives the total of nine (9) staff. The Member Service Coordinator oversees the day to day operations of the member services section. This includes all the member services officers including the graduates and the GPDP/Training Officer. These personnel directly report to the Member Services Coordinator.

In 2020, Member Services engaged six (6) graduate engineers to assist with processing of engineers applications for membership and registration under the CBA system. From the six (6) graduates, two (2) left to pursue their career with the industries and four (4) graduates are still with the team. This is one of the initiatives from the Institution to engage Graduates who are currently looking for work, to come assist the office, be part of it and later as advocates of the Institution when leaving.

Figure 3: Hierarchy of Member Services Team

In Memoriam

On behalf of the Institution, the council members, management and staff we would like to offer our sincere tribute to the following engineers who passed on during this year.

Late Mr Ian Gapi was a Fellow of the Institution of Engineers PNG, Registered under the Professional Engineers Registration Board and a Registered Structural Engineer. He joined the Institution as a Graduate Member on 09/03/1982, upgraded to Member in 1987 then to Fellow on 27/03/1996 until his passing on Saturday, 18 January 2020. Late Mr Gapi was also a Member of the Structural Registration Committee of IEPNG Inc.

Late Margareth Abel Paal was a Registered Member of IEPNG under Professional Engineers Registration Board. She joined the Institution as a Graduate in June 1990 and upgraded to Member in 8/10/1994. She passed on 23 May 2020

Late Peter Bogosia was a Registered Member of IEPNG under Professional Engineers Registration Board. He joined the Institution as a Member in 1994. He served as Professional Development Officer from 1995 to 1996 and CEO from 1997 to 1999 with IEPNG. He passed on 23 May 2020

Late Sevesoa Maso

Late Mr Sevesoa Maso was the Principal for Maso & Associates, a Senior Member of IEPNG and a Former President. He joined the Institution as a Graduate Member in 1975. His membership was transferred to Professional Member in 1987. He served as a Deputy President in 1996, President in 1997 and Past President in 1998. It was an honor to have known such a great person who has supported and contributed immensely to the advancement of the PERB, IEPNG and the engineering fraternity in PNG.
